Version Control: Git, GitHub

Design & Productivity: Canva, Figma, Microsoft Office 365, Google Workspace

AI Productivity: ChatGPT, Gemini AI

PROFESSIONAL EXPERIENCE

DATA ANALYTICS INTERN

Scenario Academy | 2026 – Present

- Developed end-to-end Business Intelligence dashboards using Microsoft Power BI, DAX, Power Query, SQL, and Excel to transform raw data into actionable insights.
- Designed several interactive dashboards covering executive reporting, sales, production, inventory, supply chain, workforce analytics and many more, to monitor business performance and support executive decision-making.
- Cleaned, transformed, and modeled datasets using Power Query to improve data quality and reporting accuracy.

LOGISTICS MANAGER

Qritsetimeyin Logistics Limited | 2021 – 2022

- Coordinated daily logistics, transportation, and fleet operations to ensure timely product deliveries and efficient resource utilization.
- Prepared operational reports and monitored logistics KPIs to support business performance and management decision-making.

- Maintained shipment records, inventory movement documentation, and operational data with a high level of accuracy.

ACCOUNTING OFFICER

Oritsetimeyin Logistics Limited | 2020-2021

- Maintained accurate financial records and processed daily accounting transactions.
- Prepared financial reports, reconciliations, and supporting schedules for management.
- Verified invoices, receipts, payments, and account balances to ensure financial accuracy.
- Utilized Microsoft Excel to analyze and reconcile financial data for reporting purposes.

DMS (DATA MANAGEMENT SOLUTION) / BACKEND OPERATIONS OFFICER

RSL International Limited (Assigned to Nestlé Nigeria PLC) | 2019 – 2020

- Processed, validated, and reconciled operational data while ensuring data integrity and compliance.
- Generated operational reports that supported performance monitoring and business decision-making.
- Maintained operational databases and resolved data discrepancies to improve reporting accuracy.

TECHNICAL PROJECTS

Averson Manufacturing Intelligence Analytics

Power BI, DAX, Power Query, SQL, Excel | 2026

- Built a 7-dashboard manufacturing BI solution covering executive reporting, sales, production, inventory, supply chain, workforce analytics, and insights.
- Developed KPI measures, DAX calculations, interactive visuals, and drill-through reporting to monitor operational performance.
- Cleaned, transformed, and modeled data using Power Query and delivered strategic business insights.

Emperor Logistics & Supply Chain Performance Analytics

Power BI, DAX, Power Query, Excel | 2026

- Built an 8-dashboard logistics and supply chain analytics solution covering executive overview, orders & deliveries, procurement, inventory, fleet, finance, customer service, and recommendations.
- Developed KPIs to track order fulfillment, purchase cost, stock levels, fleet activity, return trends, and customer satisfaction.
- Transformed and modeled logistics datasets in Power Query and delivered insights to support operational efficiency and cost control.

Wide World Importers Business Intelligence Analytics

Power BI, SQL, DAX, Power Query, Excel | 2026

- Developed a multi-dashboard BI solution from a SQL-based wholesale distribution database covering sales, customer analytics, supply chain, supplier performance, profitability, forecasting, finance, and warehouse operations.
- Cleaned and transformed data in Power Query, optimized the model by removing irrelevant tables/columns, and built DAX-driven KPIs for revenue, profit, orders, inventory, and financial performance.
- Produced actionable insights and recommendations to support profitability improvement, inventory balance, supplier management, and strategic planning.
